and Making People Younger and Fitter

About Welltopia

Welltopia is at the forefront of Lifestyle Disease Management, specializing in addressing obesity and related health conditions such as diabetes and hypertension. Our mission is to redefine healthcare by providing personalized, evidence-based solutions that empower individuals to achieve and maintain better health. With our holistic approach and innovative use of digital tools, we aim to create meaningful, long-lasting impacts on patients' lives.

Intellectual Properties

Welltopia has developed three intellectual properties namely,

- **Youth-Back™ Serum** : it eases wrinkles and fight acne, i.e. it's solving beauty problems of both young and older people
- **FDA App** : FDA stands for Fitness, Diet and Anti-ageing
- **Digital Doctor App** : it's a digital OPD, any disease we treat in OPD are addressed digitally by a pre-programmed algorithm

Our programs : Welltopia has developed five clinical programs

- **Anti-obesity program**
- **Anti-diabetes program**
- **Healthy Heart Program** – to address hypertension and other heart issues
- **Healthy Lung Program** – to address COPD
- **Healthy Thyroid Program** – to address hypo and hyperthyroidism

Why Consider Becoming a Co-Founder?

We're searching for two dynamic co-founders to join us in shaping the future of Welltopia. This is a unique opportunity to collaborate with a passionate team, drive growth, and lead innovation in a rapidly growing sector. As a co-founder, you'll play a critical role in building a company dedicated to transforming how obesity and lifestyle diseases are treated.

Who We're Looking For

- **Healthcare Expertise:** A solid background in healthcare, wellness, or related fields, particularly in lifestyle disease management or preventive care.
- **Business Leadership:** Experience in scaling businesses, managing teams, and developing strategies for growth.
- **Technology Enthusiasm:** A passion for leveraging digital health solutions to enhance patient outcomes.
- **Shared Values:** Alignment with Welltopia's mission to provide holistic, patient-centered healthcare.
- **Time Commitment:** 10 hours a week minimum

What You'll Contribute

- **Strategic Direction:** Help shape Welltopia's vision and drive the development of long-term growth strategies.
- **Operational Expertise:** Take a leading role in key functions like business development, partnerships, and service delivery.
- **Innovation Leadership:** Introduce and integrate cutting-edge solutions to strengthen our offerings.
- **Network Expansion:** Build and nurture relationships with key stakeholders, including healthcare professionals, corporates and patients.

What You'll Gain

- **Equity Ownership:** A significant equity stake in Welltopia, sharing in its success and growth. This equity** will be available at 50% discount from the current fair value and each co-founder can apply for maximum of 3% of company's equity.
- **Leadership Role:** The opportunity to lead and grow a business in an industry with tremendous potential.
- **Impactful Work:** A chance to directly improve lives through better healthcare solutions.
- **Collaborative Environment:** Work with a dedicated team aligned by shared goals and values.
- Avail **Welltopia's** franchise worth ₹200,000 at ₹100,000 only
